- Monday-Friday
- £ Competitive Salary, Depending on Experience
- 23 days annual leave + 8 Bank Holidays, increasing with length of service

Aspire Recruitment Services are continually privileged to work in collaboration with a valued and highly regarded client. They are an innovative SME with a global presence, delivering world-class Health, Safety and Environment Management Training. Their courses include NEBOSH and IOSH accreditations, delivered in-person and virtually via multiple learning channels. They work to the highest standards on behalf of multi-national organisations, providing training solutions which are accessible and engaging.

Due to continued growth, we have a requirement for TWO energetic and enthusiastic Health and Safety Trainers to join the business. Each role requires a different level of expertise with genuine potential for continuous professional development. Both roles require someone bright, motivated and enthusiastic to deliver a deeply complex and highly important subject matter in a manner which is conducive to successful learning outcomes.

The Health and Safety Trainer / Consultant

The Health and Safety Trainer / Consultant will deliver training on a virtual and classroom basis to a global network of NEBOSH learners. Managing several cohorts of learners, the successful candidate will be organised and committed to the progress of the next generation of Health and Safety professionals.

The balance of virtual and classroom training will change in accordance with government guidelines and client requirements. As the government response to the Pandemic evolves, the Health and Safety Trainer / Consultant will also deliver training courses at training centres across the UK and at clients' premises in the UK and abroad.

Responsibilities:

- Supporting the community of online learners, dealing with health and safety and learning queries, advising on practical assessments, marking mock exams and providing feedback.
- Developing training materials (notes PPT, lesson plans etc) against syllabus and client specifications.
- Delivering bespoke, client-specific training.
- Providing health and safety technical support to the online learning development team
- Marking end of course tests and practical assessments.
- Delivering health and safety consultancy projects.

Skills, Experience & Qualifications:

- An experienced, competent and passionate Health and Safety professional.
- An experienced Training professional able to design and deliver engaging and effective learning events, in person and via virtual platforms including Zoom, Teams, Webex etc.
- Suitably qualified with a minimum of a NEBOSH Diploma (CMIOSH) and Level 3 AET or equivalent.
- Able to engage with people at all levels and to build good working relationships.
- Able to demonstrate efficient time management skills with an ability to work to strict deadlines.
- Technologically savvy and enthusiastic about the use of technology in the design and delivery of learning events
- Prepared to work outside of the 9-5 traditional working hours on occasions to suit the global audience.
- Accustomed to working cross-functionally in a range of sectors.
- Experienced in online learning and working on an LMS and fully conversant with Microsoft Office suite
- Ideally located within commutable distance of the Cardiff office, or close to a Training Centre.

The Health and Safety Trainer / Technician

The Health and Safety Trainer / Technician will deliver training in respect to IOSH Working Safely and Managing Safely as well as other shorter practical courses such as Risk Assessment training. Alongside this training delivery, you will also study the NEBOSH Diploma qualification yourself, allowing for your own continued professional development.

This role would suit someone who has already achieved the NEBOSH General Certificate and has experience in delivering Health and Safety training.

Upon graduation from the NEBOSH Diploma you will progress into a Trainer / Consultant role, delivering training to a global network of NEBOSH learners via virtual and in-person classroom settings (as above).

Responsibilities:

- Develop training materials
- Develop and deliver bespoke, client-specific training
- Provide health and safety technical support to the online learning development team and online learners
- Mark end of course tests and practical assessments
- Deliver health and safety consultancy projects

Skills, Experience & Qualifications:

- NEBOSH General Certificate qualified
- An experienced, competent health and safety trainer
- Capable of successfully completing their NEBOSH Diploma studies
- Willing and able to spend time 'on the road' as accredited training delivery often involves four or five night hotel stays
- Qualified within adult teaching or training
- Experienced in a range of sectors
- Living within a commutable distance of the Cardiff office
- Able to engage with people at all levels and to build good working relationships

Aspire Recruitment Services Limited are acting as an Employment Agency in respect to these vacancies.
